Why select Hire Green, LLC as your Small Business Protégé Partner?

Hire Green, LLC is a service disabled small business registered on the Central Contractors Registry and certified by the Department of Veteran's Affairs. The company is managed by people with solid experiential history from the military but also with the commensurate wisdom from excelling in the public sector. These people have solid vision coupled with the real world execution necessary to make theory reality and achieve that vision. Hire Green management possess as well the character and charisma necessary to meet the right people and say what they mean and mean it when they say it. Hire Green's greatest asset is its people but second to that is the adaptability/flexibility crucial to making change to overcome the issues which most likely arise in any contract or service agreement.

Hire Green was constructed as a SDVOSB for the purpose of bringing focus to a valuable asset, our professional transitioning military personnel and veterans. Hire Green's unique position between the military service units, the Veteran's Administration and Government/Commercial Business Units gives us the capacity to bring together individuals and teams to solve the most complex problems. Our access to the absolute best personnel, with the right experience and attitude in turn makes us a valuable asset to those businesses conducting contract fulfillment in the small and disadvantaged workspace for DoD, DHS, NASA and countless others. Our capacity to learn is only limited by our teachers and we receive data openly with true commitment toward absorbing what we don't know and reusing it to assist our partners and manage our own expectations. We are in the right place at the right time and feel that our corporate design presents us an additional advantage as there is increasing pressure to allocate business to the diversity sector. Our title may say we are disadvantaged but we consider our position a benefit to us and those who see the advantages of allying with Hire Green. We are small but in certain circumstances that is exactly what is required to react to problems at a local level or initiate change to avoid or conquer obstacles. Hire Green has the confidence associated with being comfortable in our identity and satisfied with the role we perform. We like what we do and it shows.

HIRE GREEN SERVICE OFFERING PROFESSIONAL CONTRACTING SERVICES AND PERSONNEL

Contractors from Engineering (Design to Process), Program & Project Management, Technical Design/Integration and operations of IT systems, Facilities management and maintenance, Field Service and Security Specialists. (Many with active clearances)

Contract salvage through rapid deployment of appropriate professional personnel to satisfy unfulfilled requirement, management vacuum or personnel violation.

New contract acquisition and fulfillment for alliance team partners in small and disadvantaged or minority business contract arena
Business consulting for development, teaming and human asset allocation within small business team alliances or large firms seeking to fulfill diversity allocation requirements.

Veterans' Advocacy Grants and teaming alliances to fulfill veteran hire requirements governed, sanctioned and supported by the Department of Labor.

Direct Hire Placement as required by team members.

We seek selection as a Protégé for your mentoring program and hope that you see the benefit in such alliance. We know that there is reimbursement for training expenses and diversity contract credit from the Department of Defense for such a relationship but consider the right fit to be the most important factor. How do you see Hire Green fitting into to your Contract Acquisitions & Fulfillment Team structure?

To proceed with a Mentor/Protégé Relationship Agreement contact Steve Hilgemann CEO or James Cox COO for questions
